

# How are we doing in Wales?

Public Engagement Survey on Health and Wellbeing during Coronavirus Measures

Week 35 (30<sup>th</sup> November to 6<sup>th</sup> December 2020)

World Health Organization Collaborating Centre on Investment for Health and Wellbeing, Public Health Wales

Public Health Wales are conducting a public engagement telephone survey to ask members of the public in Wales how coronavirus and related control measures are affecting their health and wellbeing.

The survey interviews approximately **600 randomly selected individuals** every other week. The information collected provides the basis of the results presented in these **bi-weekly reports**.

Survey data are adjusted to represent the Welsh population by age, sex and deprivation.

In each survey week, some questions are added and others are removed, depending on emerging issues. This week's report contains findings from routine questions used in previous survey weeks and some new questions on coronavirus vaccination and plans for meeting friends and family at Christmas.

We thank the people of Wales for giving us their valuable time to support this work.

## Key findings from this week

600 Welsh residents aged 18 years and over were interviewed in week 35 of the survey (30<sup>th</sup> November to 6<sup>th</sup> December).

### **66**%

of people said they are planning to either have visitors to their home or visit other people's homes over the Christmas period (23<sup>rd</sup>-27<sup>th</sup> December).

### 36%

of people said they understand the current restrictions in Wales 'very well' (down from 43% in the last survey week). A further 50% said they understand them 'quite well'.

### **42**%

of people have been worrying 'a lot' about losing someone they love to coronavirus (down from 51% in the last survey week).

### **45**%

of people said they are intending to form a Christmas bubble.

### **39**%

of people said they are following the restrictions 'completely' (down from 47% in the last survey week), and a further 50% reported majority compliance\*.

### 52%

of people have been worrying 'a little' or 'a lot' about their mental health and wellbeing (down from 60% in the last survey week).

### 53%

of people think the changes being made to restrictions over Christmas are about right; 31% would prefer tighter restrictions and 15% would prefer more relaxed restrictions.

### **52%**

of people said they always maintain social distancing when they are with people from outside their own or extended household, and 31% said they do so most of the time.

### **68**%

of people said they would want a coronavirus vaccination. Reasons for not wanting a vaccination mostly related to concerns about the speed of vaccine development, lack of evidence and unknown side effects.

\*Majority compliance - ratings of 8 or 9 on a scale of 1 to 10, where 1 is not at all and 10 is completely following the restrictions

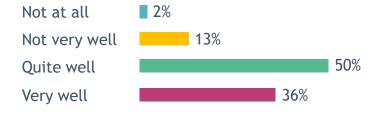

Do you think you have or have had coronavirus?	Yes Don't know	14% 8%
Have you been tested for coronavirus or had an antibodies test?	Had a coronavirus test Had an antibodies test	30% 8%
How worried are you that you could get	Not at all A little	24% 30%
coronavirus?	Moderately Very	30% 16%

## Knowledge and compliance with restrictions

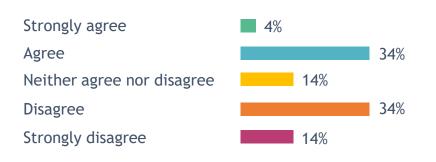

How well do you feel you understand the current restrictions in place in Wales to reduce the spread of coronavirus?

On a scale of 1 to 10 where 1 is *not at all* and 10 is *completely*, how much would you say you are following the restrictions?

Not at a	all				_	_	_	Con	npletely
1	2	3	4	5	6	7	8	9	10
<1%	<1%	<1%	<1%	4%	1%	5%	27%	23%	39%

# I think most people are following social distancing guidelines

\*Do not meet people from outside household

Apart from the people in your own or a permitted extended household, in the last 7 days, how many other people have you come into close contact with, meaning within one metre?

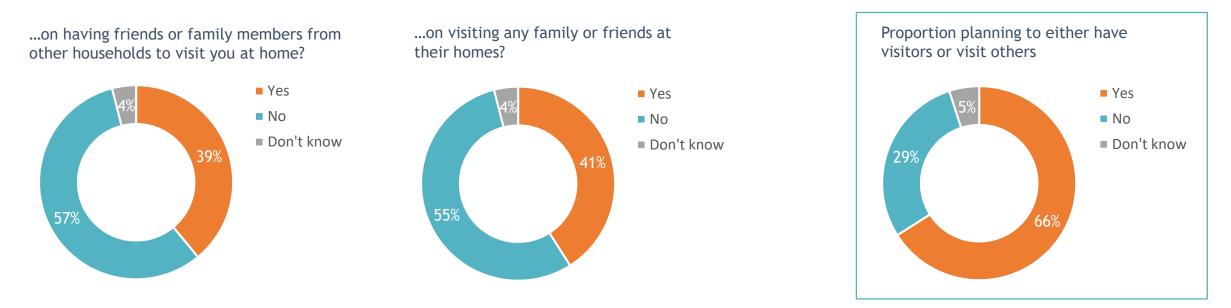

Apart from the people in your own or a permitted extended household, in the last 7 days, how many people have come into your house?

In the last 7 days, how many other people's houses have you been into - not including those of a permitted extended household?

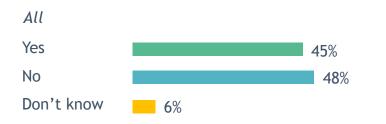

When you are with people from outside of your household or extended household, such as friends or work colleagues, do you maintain social distancing of two metres...?

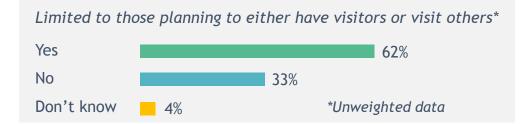

Coronavirus restrictions are being changed between 23rd and 27th December to allow people to spend time with family members or friends over Christmas. Over this period, are you planning...

#### Are you intending to form a Christmas bubble?

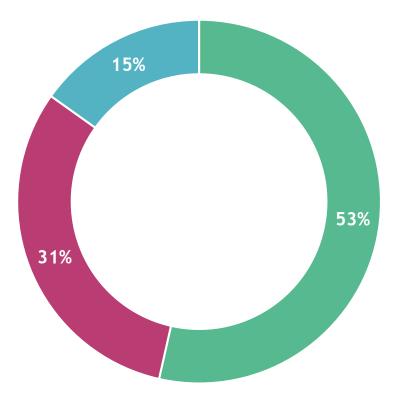

#### Which of these statements do you agree with most?

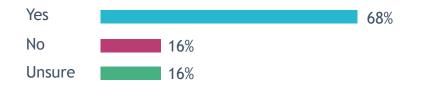

- I think the changes that are being made to restrictions over Christmas are about right
- I would prefer tighter restrictions to remain in place over Christmas
- I would prefer restrictions to be relaxed more over Christmas

## Vaccination

## If a vaccine became available that protected against coronavirus infection...

#### Would you personally want to be vaccinated?

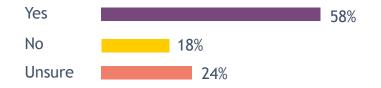

Those responding 'no' or 'unsure' to personally wanting to be vaccinated were asked an open ended question about their reason for this response.

The most common reasons provided related to discomfort with the speed of vaccination development, lack of evidence and/or unknown side effects.

Other reasons included a lack of trust in the vaccine; concern around existing health conditions; not perceiving a need to be vaccinated and not agreeing with vaccinations in general.

#### For those with children in the household\*:

#### Would you want your children to be vaccinated?

\*Limited to those with children living in the household; excluding those responding 'not applicable'; unweighted data.

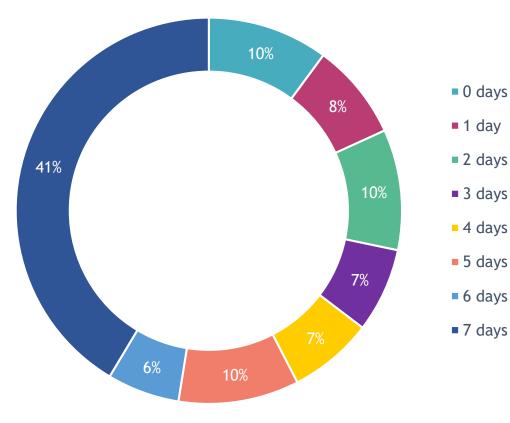

## Has recent news about the effectiveness of coronavirus vaccinations and plans to start vaccination programmes...

Made you more relaxed about whether you follow coronavirus restrictions or not	6%
Made you more determined to follow the restrictions	21%
Had no impact on your behaviour	73%
